We Explore. We Produce.  
**And, Yes.**  
We even help make your tea.

Over 50 years ago, PPL - pioneers in the natural gas industry in Pakistan - took up the challenge to meet the growing energy demands of the nation. Using modern techniques and technologies, we have tapped into the country's natural energy resources - so vital to drive our economy.

**Today, PPL is proud to:**

- Meet 26% of the natural gas demand of Pakistan.
- Excel in hydrocarbon production (equivalent to 184,000 barrels of crude per day).
- Have posted more than 55% growth in profit in 2005/06.
- Have embarked on an aggressive exploration programme.
- Be actively looking for prospects outside the country.

## *FOREWORD*

A decade ago gas equipment manufacturing capabilities were almost non-existent in Pakistan. With the passage of time however, as the consumption of natural gas increased to almost 50% in total country's energy consumption, the manufacturing activities in the Gas Sector started picking up. The focus on the use of CNG as an alternate fuel for vehicles has resulted in Pakistan's ranking as the third largest NGV populated country.

Today, Pakistani Companies are manufacturing a variety of products ranging from sophisticated Well-Head Equipment to other Gas Equipment including Pipes, LPG Cylinders, Bowzers, High & Low Pressure Regulators and Valves, LPG Regulators, Cylinder Valves, burners etc. and specialized CNG products like CNG Kits, Priority Panels, CNG Dispensers etc. In addition to this, the manufacturers of quality domestic gas appliances are presently catering to the needs of the local market and have the capability and capacity to supply in the international markets.

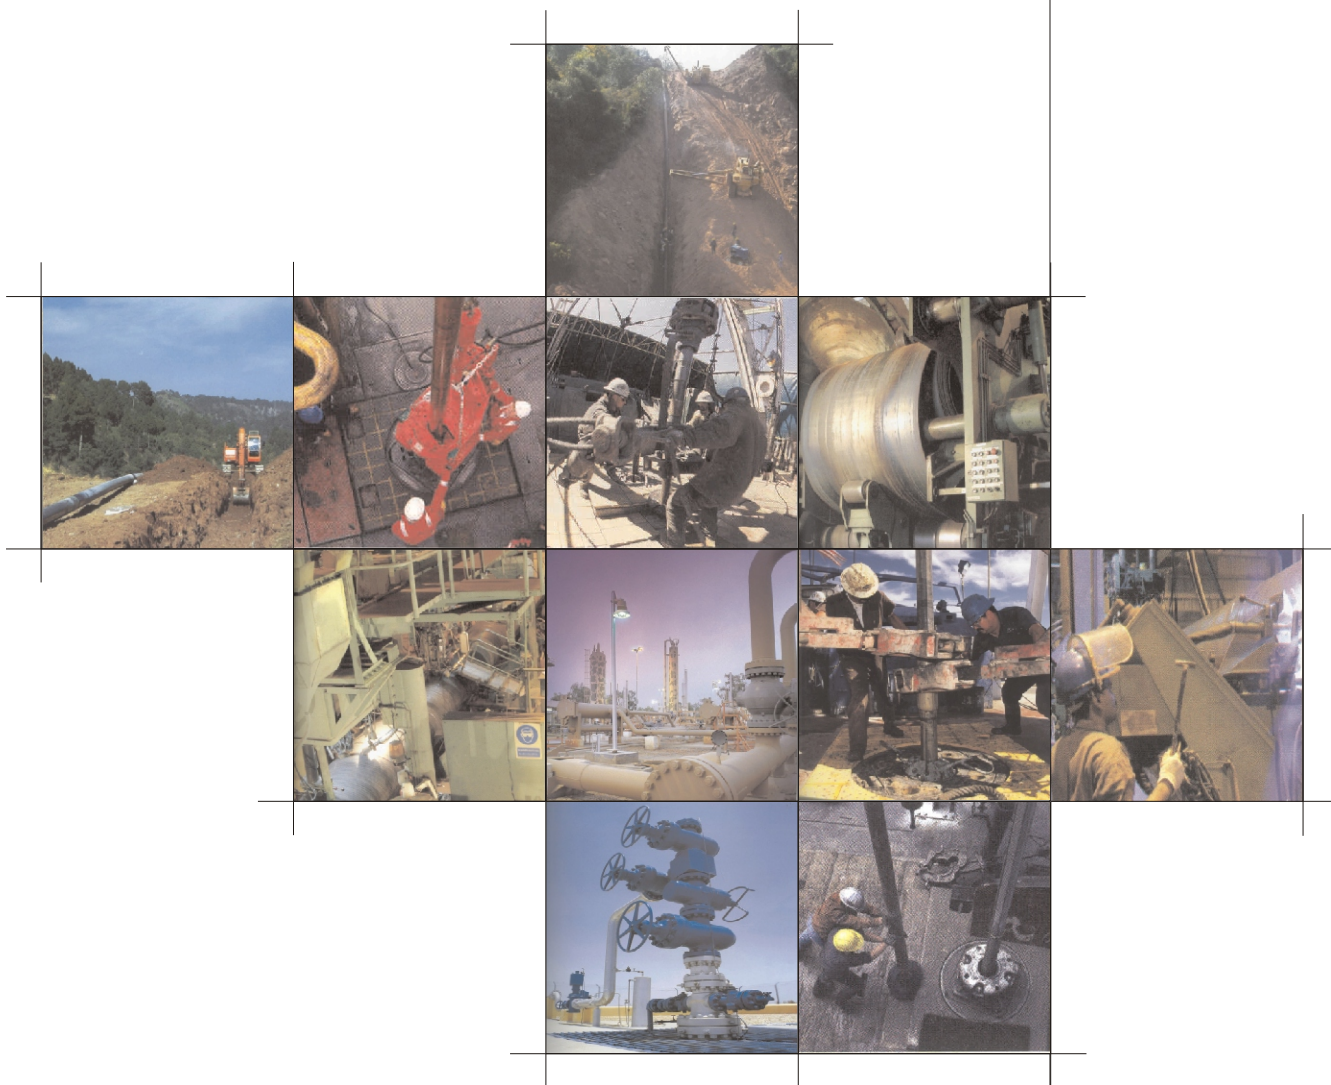

The equipment manufacturers in the Gas Sector have state-of-the-art manufacturing facilities licensed with international certifications like API spec 5CT, API spec 7 and ISO-9001, their products, therefore, conform to the international standards. Apart from the above, the service providers are playing their role effectively to enhance the efficiency of this sector by rendering a wide range of inspection, testing, certification and other technical services to the local industry. We highly value the professional support provided by the consulting firms working in this sector to carry out various studies, geological surveys and provide software support & evaluation services.

I am sure that this directory would provide comprehensive information on gas equipment manufacturing and service capabilities from Pakistan which are growing and have the potential to compete in the international market by delivering world class products and services.

A handwritten signature in black ink, reading "Imtiaz Rastgar".

# Well-Head Equipment Manufacturers

## ADOS Pakistan Ltd.

**Contact person:** Mr. Zia Akbar Ansari  
**Phone No.:** 92 (51) 225 5560, 226 4308  
**Fax:** 92 (51) 228 1678  
**E-mail:** ados@akbarassociates.com  
**Web site:** www.akbarassociates.com/ados.html

### Addresses:

Head Office: House # 88, Khayaban-e-Iqbal,  
F-8/2, Islamabad, Pakistan

Factory:

Plant Location no. 43m, Phase-III, Hattar Industrial Estate,  
NWFP, Pakistan

### Company Profile:

ADOS Pakistan is a state-of-the-art API Specification-5CT, Specification-6A and Specification-7 licensed manufacturing facility with a solid commitment of indigenous manufacturing of critical service, capital intensive oilfield equipment with a guaranteed after market support. In addition to API certifications, Ados is also licensed by Cameron to manufacture their wellhead & Xmas tree product range and Tenaris for manufacturing their RTS premium thread connection.

The company is into the whole supply chain management of oil & gas aftermarket support services, LPG extraction, transport, bottling, distribution and precision engineering & fabrication.

### Product/Services Spectrum:

Suspension Systems, Ball Valves, Casing Spools, Well-Head Assemblies, Tubing Head, X-mas Tree Assemblies, Secondary Seals, Double Studded Adapters & Flanges, Choke & Kill Manifold Assembly, Rotary Drilling Equipment, Seismic Drilling Rigs, Telecommunication Shelters and general fabrication and machining.

## International Tubular Services Ltd.

**Contact person:** Mr. Anees Khokhar  
**Phone No.:** 92 (51) 410 0311-13  
**Fax:** 92 (51) 410 0316  
**E-mail:** info@int-tubular-services.com.pk  
**Web site:** www.int-tubular-services.co.uk

### Addresses:

Head Office: Plot no. 51/52, St. 1, I-10/3, Islamabad, Pakistan

Factory: As above

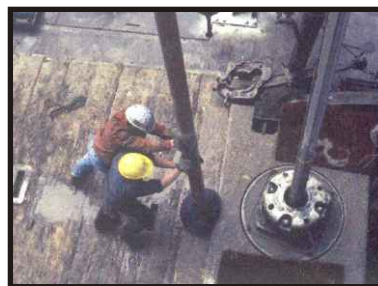

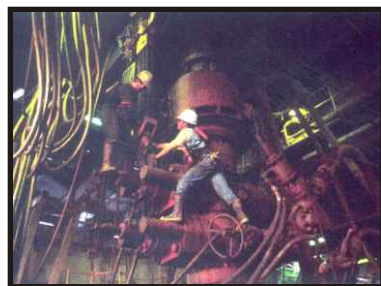

### Company Profile:

International Tubular Services (ITS) was established in 1986 in Aberdeen, Scotland with a clear and direct mission to provide oilfield tubular products and services to oil and gas companies operating in the U.K. & Europe. Presently, the company is operating in over 50 countries in major hydrocarbon basins around the world including the United States, Egypt, Venezuela and China.

ITS started its operation in Pakistan in 2003. They are providing a full range of services and products including tubular equipment for rent, lease or sale, manufacturing and repairs. Their capabilities include specialized manufacturing and design work that can be tailored to meet customer's specification. ITS Pakistan's facilities has API Spec 5CT, API Spec 7 and ISO-9001(2000) certification.

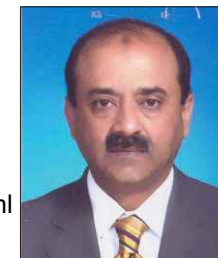

### Product/Services Spectrum:

Tubular Equipment (lease or sale), Machine Shop, Hardfacing and Special Applications, Service Shop for Jars and Downhole Tools, High Pressure Testing Services, Welding Services, Casing and Tubing Running Services, and TRS & Hardbanding.

## Petrolog (Pvt.) Ltd.

**Contact person:** Mr. Jamal Akbar Ansari  
**Phone No.:** 92 (51) 226 4308, 225 4608, 225 5560  
**Fax:** 92 (51) 228 1678  
**E-mail:** info@akbarassociates.com  
**Website:** www.akbarassociates.com/petrolog.html

### Addresses:

Head Office: House # 38, Khayaban-e-Iqbal, F-8/2, P.O. Box 1416, Islamabad, Pakistan

Factory:

Plot # 43, Phase 3, Hattar Industrial Estate, NWFP, Pakistan

### Company Profile:

Petrolog was incorporated in 1986 with the primary objectives of developing a niche for the ever expanding oil & gas services market in Pakistan. The company has since come of age and established itself as the market leaders in the oil & gas sector.

### Product/Services Spectrum:

Wellhead Completion Services, Internal Corrosion Monitoring, Cathodic Protection, Plant Shutdown & Maintenance, Well Design & Completion Engineering, Drilling Optimization.

# Gas Equipment Manufacturers

## Alpine Industrialcon (Pvt.) Ltd.

**Contact person:** Mr. Kashif Ahmad  
**Phone No.:** 92 (42) 685 2313  
**Fax:** 92 (42) 655 3674  
**E-mail:** sales@alpine.org.pk  
**Web site:** www.alpine.org.pk

### Addresses:

Head Office: 305/2 G.T. Road Baghbanpura, Lahore, Pakistan

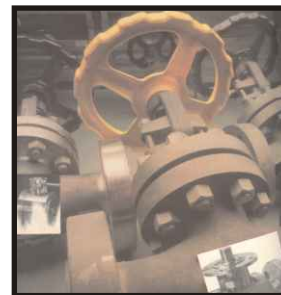

Factory: As above

### Company Profile:

Alpine group of companies was established in early sixties. Initially it undertook the manufacture of high pressure pipefitting and valves for the petro-chemical industry. With ever increasing demands of construction sector, the company diversified the products and started manufacturing of spun pipes, low & high pressure compressors and variety of fittings for the gas sector. Alpine spun pipe and fittings have now achieved the name for its quality and trouble free service. The company is an ISO 9001 certified company.

### Product/Services Spectrum:

Gas Compressor Systems, High Pressure Pipe Fittings & Valves, Priority Panels for CNG Stations.

### Addresses:

Head Office: 99-Railway Road, Lahore, Pakistan

Factory:

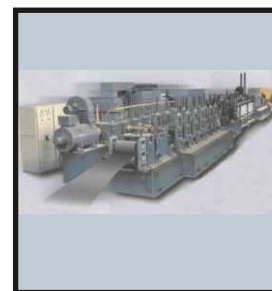

13 Km, Sheikhpura Road, Lahore, Pakistan

### Company Profile:

Bashir Pipe Industries (Pvt.) Ltd. is one of the leading industries having ISO-9001-2000 certification as the manufacturers of steel line pipes. Pipes of all sizes are manufactured through high performance Engineers who maintain the quality standards according to the local & international markets. BPI has the most modern manufacturing process facilities based on the latest technology with installed Electric Resistance Welding process on high frequency plants, the novel concept of pipe manufacturing, imported from Japan and USA. All types of pipes fully conform to the international standards i.e., API, ASTM, BSS & JIS ranging from 1/2" to 18" dia, mild steel and galvanized.

### Product/Services Spectrum:

M.S & G.I. Pipes (1/2" - 18" diameter)

## BBJ Pipe Industries (Pvt.) Ltd.

**Contact person:** Major Zubair Qayyum Butt (R)  
**Phone No.:** 92 (42) 628 4218-19  
**Fax:** 92 (42) 628 4230

### Addresses:

Head Office: 23, 1st Floor, Bilal Centre, Nicholson Road, Lahore, Pakistan

Factory:

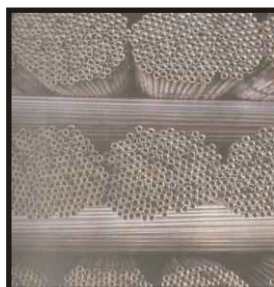

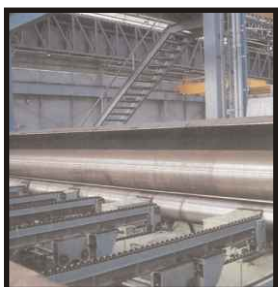

48.5 Km Multan Road, Bhai Pheru, Lahore, Pakistan

### Company Profile:

BBJ Pipe Industries (Pvt.) Ltd. is a reputed manufacturer of GI & MS pipes. The factory is equipped with the state of the art machinery of pipe production, having high frequency induction welding plants with dual capability for using either the induction or contact type of welding processes. BBJ has the capability to produce pipes fully conforming to international standards e.g. BSS, API & ASTM. BBJ pipes is an approved company in Pakistan having license of API 5L & 5CT (USA), ISO 9001-2000 (UKAS) & (TGADAR Germany).

### Product/Services Spectrum:

Line pipe, Casing & Tubing, Black and Hot-Dipped, Galvanized welded and Seamless Steel Pipe, Electric Fusion (Arc)-Welded Steel Pipe, Electric-Resistance-Welded Steel Pipes, Electric-Fusion (Arc)-Welded Steel pipe, Electric-Resistance-Welded Carbon, Steel Boiler Tubes, Welded Steel Pipe Piles, Electric-Fusion-Welded Steel Pipe for Atmospheric and Lower Temperatures, Electric-Fusion-Welded Steel Pipe for High- Pressure Service at Moderate Temperatures, Steel Tubes and Tubes for Pressure Purpose Ordinary Duties and high duties.

## Crescent Steel & Allied Products Ltd.

**Contact person:** Mr. Ahsan M. Saleem  
**Phone No.:** 92 (21) 567 4881-5  
**Fax:** 92 (21) 568 0476  
**E-mail:** ceo@crescent.com.pk  
**Web site:** www.crescent.com.pk

### Addresses:

Head Office: 9th Floor, SIDCO Avenue Centre, 264-R.A.Lines, Karachi-74200, Pakistan.

Factory:

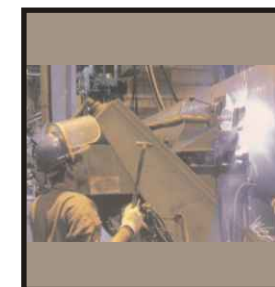

A/25 S.I.T.E. Nooriabad-73090, Dist. Dadu, Sindh, Pakistan

### Company Profile:

Crescent Steel and Allied Products Limited is a steel pipe manufacturing and coating company established in 1987. The manufacturing facilities consist of a Spiral Pipe Production line and a multi-layer Polyolefin, stand-alone Epoxy Coating and Heat Shrink Tape Coating line. The company has the unique distinction of having the authorization to use API monogram of the American Petroleum Institute since its inception in 1987, the highest international standard accredited for quality of steel line pipe. The Company is ISO 9001:2000 certified in addition to acquiring Oil and Gas Industry Specific ISO 9000-2000 Quality Management System Certification from API.

### Product/Services Spectrum:

DSAW Helical Seam Steel Line pipe (Diameters ranging from 8.5/8" to 60", thickness from 4mm to 19.1mm and Steel Grade up to and including API 5L X-80), Multi-layer Pipe Coating (3-layer Polyethylene/Polypropylene coating, Stand Alone Fusion Bonded Epoxy and Heat Shrink Tape Coating).

## Cylinders Engineering Industries (Pvt.) Ltd.

**Contact person:** Mr. Abdul Wahid  
**Phone No.:** 92 (21) 589 4428-29  
**Fax:** 92 (21) 589 4432  
**E-mail:** mecom@cyber.net.pk  
**Web site:** www.lpg-cylinder.com

### Addresses:

Head Office: 9-C, 13 Commercial Street Phase 2, Ext-DHA, Karachi, Pakistan

Factory:

Plot no. HG-9A&B Landhi Industrial Area, Karachi, Pakistan

### Company Profile:

Cylinders Engineering Industries (Pvt.) Ltd. is engaged in the production of LPG cylinders. The company has the capacity of manufacturing over 250,000 cylinders per annum. Besides this, fabrication of LPG Storage Tanks and Pressure Vessels is also undertaken on demand of customers.

Quality of the product is maintained at all the stages as per ISO 9001-2000 standards (periodically audited by the internationally recognized organizations like SGS & Lloyd's Register). Besides this, CEIL is approved by Pakistan Standards Institute and Bureau of Explosives. The 3rd party inspection is also arranged through world class companies undertaking inspection of material and product.

The company has state of the art facilities including CNC mechanical and hydraulic presses, PLC controlled welding machines, automatic furnaces and shot blasting unit.

### Product/Services Spectrum:

LPG Cylinders (5 kg, 6 kg, 11.8 kg, 15 kg, 35 kg & 45.5 kg), Storage Tanks and Pressure Vessels.

## Data Steel Pipe Industries (Pvt.) Ltd.

**Contact person:** Mr. Sarfaz Khan  
**Phone No.:** 92 (21) 231 3685  
**Fax:** 92 (21) 231 0422  
**E-mail:** sales@datasteel.com  
**Web site:** www.datasteel.com

### Addresses:

Head Office: Customer Liason Department, Ibrahim Building, 20 West Wharf Road, Karachi-74000, Pakistan.

Factory:

7 KMS K.L.P. Road, Sadiqabad, Pakistan.

### Company Profile:

DATA Steel Pipe Industries (Pvt.) Limited was established in 1993 by Speedways Group of Companies. The plant is equipped with the most technologically advanced spiral steel line pipe manufacturing and coating facilities. All activities of the steel pipe plant as well as the coating plant are strictly controlled as per ISO 9000 and API Q1 requirements. In addition to API and ISO certification, DATA Steel is the first and only company in Pakistan to have APIQR accreditation.

The coating plant has the capability of applying multi-layers of coating, which comprises of Fusion-Bonded Epoxy, Co-Polymer Adhesive and high/medium/low density polyethylene/polypropylene coating.

### Product/Services Spectrum:

API Line Pipe (Spiral Welded) for oil & gas transmission and distribution in large diameter ranging from 8" to 92" in thickness from 4-19.5 mm in grades up to X-80, 3-layer pipe coating facilities.

## Fastube Mills & Engineering Industries.

**Contact person:** Mr. Ahsan Mahmood Butt  
**Phone No.:** 92 (42) 763 7942-43  
**Fax:** 92 (42) 765 7707  
**E-mail:** info@fasengineering.com  
**Web site:** www.fasengineering.com

### Addresses:

Head Office: 67-C, Steel Sheet, (Meco) Market, Landa Bazar, Lahore-54000, Pakistan

Factory:

119/2 Quaid-e-Azam Industrial Area, Kot Lakhpat, Lahore-54770, Pakistan

### Company Profile:

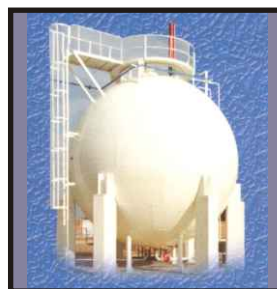

FAS Tube Mills & Engineering Industries established in 1999 is engaged in the manufacturing of LPG cylinders and fabrication of pressure vessels/containers used for safe transportation, hauling and storage of LPG.

Cylinder manufacturing is done with high quality deep drawing steel sheet of SG-255 grade, welding is done through flux welding followed by thermal stress. Testing of cylinders and subsequent sand blasting is done.

All the products are manufactured in conformation with the international standards. Third party inspections are carried out at every stage of manufacturing. The Company is ISO 9002 and 9001-2000 certified.

### Product/Services Spectrum:

LPG Cylinders (camping range: 4, 6 & 8 kg, Domestic range: 11.8 & 15 kg, Commercial range: 20, 35 & 45.4 kg), LPG Bowzers, Storage Tanks and Air Receivers.

## Gas Tech Industries

**Contact person:** Mr. Asad Amin  
**Phone No.:** 92 (52) 661 6383  
**Fax:** 92 (52) 661 2642  
**E-mail:** gastechpk@gmail.com  
**Web site:** www.gastech.ebigchina.com

### Addresses:

Head Office: GasTech Nisbat Road, Daska, Punjab, Pakistan.

Factory: As above.

### Company Profile:

Gastech Industries is a dynamic company that has emerged as a leading manufacturer & exporter of all kinds of LPG regulators/spear cylinders and valves. The Company enjoys excellent reputation in the domestic market and has created complete production systems in the aspects of Die Casting, Heat Treatment, Parts Processing, Pressure Test and Finishing Process.

### Product/Services Spectrum:

Domestic Regulators, Single Stage LPG Regulators, LPG Safety Valves, Cylinder Valves, Low & High-Pressure LPG Regulators, Plastic Safety Caps, OEM and ODM parts/products.

## Gujrat Steel (Pvt.) Ltd.

**Contact person:** Mr. Mohammad Tahir  
**Phone No.:** 92 (21) 568 1686  
**Fax:** 92 (21) 568 3593  
**E-mail:** info@gujratsteel.com  
**Web site:** www.gujratsteel.com

### Addresses:

Head Office: 183 A.M., Shahrah-e-Iraq, Saddar, Karachi, Pakistan

Factory: As above.

### Company Profile:

Gujrat Steel (Pvt.) Ltd. established in 1948 is a renowned business and industrial establishment catering to the requirements of the market for Cargo & Fuel Bowzers, LPG Cylinders, & Steel Products for different commercial and industrial applications. The Company has equipped itself with highly sophisticated facilities comprising of heavy duty Shearing Machines, Press Brakes, Hydraulic and Mechanical Power Press and in-house AutoCAD designing facilities. The company is registered with Pakistan Engineering Council and has been awarded the certification of Quality Manufacturing System against the requirements of ISO 9001.2000.

### Product/Services Spectrum:

Cargo & Fuel Bowzers and LPG Cylinders.

## Hi-Tek Associates

**Contact person:** Mr. Mohammad Ilyas Malik  
**Phone No.:** 92 (42) 655 6686, 655 0234  
**Fax:** 92 (42) 655 7104  
**E-mail:** info@hta.com.pk  
**Web site:** www.hta.com.pk

### Addresses:

Head Office: 347-G.T. Road, Near Momen Pura Telephone Exchange, Lahore-54920, Pakistan.

Factory:

G.T. Road, Warrah Gujran, Lahore, Pakistan

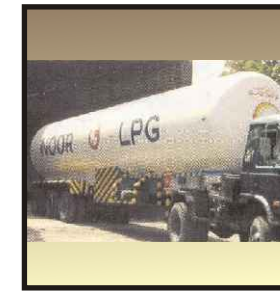

### Company Profile:

Hi-Tek Associates offers its services in the field of mechanical engineering to industries like Oil & Gas Industry, Power, Chemical, Dairy and Food Industry. Their areas of activity include Manufacturing, Procurement, Fabrication & Assembly of Pressure Vessels.

The company possesses ISO, PEC and LCCI certifications and has a wide client base which includes renowned Pakistani companies like Pak Arab Refinery Ltd., Pakistan Petroleum Ltd., Attock Refinery and international companies like Orient Petroleum International Inc. Hi-Tek Associates has high quality testing facilities that includes Hydrostatic Testing, Pneumatic Testing, Volumetric Expansion Testing and Non-Destructive Testing equipment.

### Product/Services Spectrum:

Manufacture of LPG Bowzers, LPG Storage Tanks, LPG Cylinders. Services include Equipment Installation & Erection, Fabrication/Installation of Piping, Structure, Tanks & Platforms.

## Huffaz Seamless Pipe Industries Ltd.

**Contact person:** Hafiz Abdul Majid  
**Phone No.:** 92 (21) 494 0178  
**Fax:** 92 (21) 493 9505  
**E-mail:** huffaz@cyber.net.pk  
**Web site:** www.huffaz.com.pk

### Addresses:

Head Office: 207-210, 2nd Floor, Mashriq Center,  
 Gulshan-e-Iqbal, Block-14, Karachi-74300, Pakistan.

Factory:

90 Km, Super Highway, Nooriabad Industrial Estate, District Dadu,  
 Pakistan.

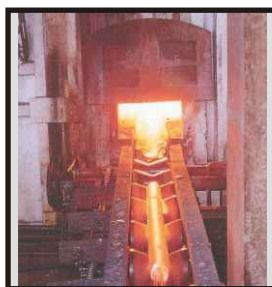

### Company Profile:

Huffaz Seamless Pipes Ind. Ltd. manufacture precision seamless carbon and alloy steel pipes/tubes from high-quality, aluminum-killed, vacuum degassed billets.

Besides fulfilling the entire demand of local market they are exporting their products to USA, Australia, Middle East, Iran, and Bangladesh. The Company is ISP 9001:2000, ISO 14001:2004, OHSAS 1800:1999, API Q1, API-5L, API 5CT certified.

### Product/Services Spectrum:

Boiler Tubes, Heat Exchanger Tubes, Mechanical Tubes, Line Pipes, Casing & Tubing, Pipes with 3 Layer Polyethylene Coating, Pipes with Fusion Bonded Epoxy Coating, Galvanized Pipe/Tubes, High/Low Temperature Services Pipes/Tubes, Structural Pipes/Tubes, Pipes Tubes for Threaded Ends & Coupling, Precision Pipes/Tubes.

## International Engineering Company

**Contact person:** Mr. Nasir Ahmed  
**Phone No.:** 92 (55) 384 6316, 325 4981  
**Fax:** 92 (55) 384 6314  
**E-mail:** info@3-star.com.pk  
**Web site:** www.3-star.com.pk

### Addresses:

Head Office: Climaxabad, G.T. Road, Gujranwala,  
 Pakistan

Factory: As above

### Company Profile:

International Engineering Company, was established in 1988 and started manufacturing LPG Camping Type Cylinders with Lamp Burner & Heater. The company's dealers' network is spread throughout Pakistan. They are also exporting their cylinders to Saudi Arabia, Dubai, Bahrain and Yemen. To expand their product range, they have signed a joint venture in 1998 with a Malaysian ISO-9002 Certified firm named Unity Gas Appliances (M) SDN, BHD for introducing their LPG High/Low Pressure Regulators. The Regulators are approved by SIRIM.

### Product/Services Spectrum:

LPG Camping Type Cylinders with Lamp Burner & Heater, Cast Iron Burners, Table Top Cookers, Cylinder Accessories

## Latif & Brother Alco Company (Pvt.) Ltd.

**Contact person:** Mr. Muhammad Rafique  
**Phone No.:** 92 (55) 428 3898, 428 3805  
**Fax:** 92 (55) 252 0133, 252 0752  
**E-mail:** info@alcovalves.com.pk  
**Web site:** www.alcovalves.com.pk

### Addresses:

Head Office: Plot # 145-146-C, Small Industrial Estate  
 No.2, Gujranwala, Pakistan

Factory: As above.

### Company Profile:

LATIF & BROTHER with the trade name of ALCO was established in 1991. The company manufactures Brass Valves and Accessories in various sizes and shapes. The products have vast utilization in steam, gas and oil sector.

The company uses state of the art equipment and is producing according to the international quality standards.

The company is certified for ISO 9001:2000 by DNV NITHARLAND. LPG and oxygen cylinder valves are tested and type approved by Intertek Testing Service (ITS) U.K.

The full range of ALCO valves and accessories is a perfect choice for any industrial installation, gas field, refinery, LPG gas cylinders, and industrial/ medical gas cylinders.

### Product/Services Spectrum:

Gas Cylinder Valves, Co2 cylinder valves, Oxygen cylinder valves, LPG cylinder valves, CNG cylinder valves, Nitrus cylinder valves.

## Pak Precise Engineering (Pvt.) Ltd.

**Contact person:** Mr. Muhammad Faiz  
**Phone No.:** 92 (42) 542 5905  
**Fax:** 92 (42) 542 5908

**Web site:** www.puma-drive.com

### Addresses:

Head Office: 11-KM Multan Road, Lahore-54570,  
 Pakistan

Factory: As above

### Company Profile:

Pak Precise Engineering (Pvt.) Ltd. was established in 1967 and they pioneered to manufacture Natural Gas Pressure Regulators, Gas Service Valves and LPG Regulators, Die-Cast Gas Meter Bodies.

The company has facilities for Die-Casting, Zinc, Aluminum and Brass Alloys on machines with capacities ranging from 50 to 1,000 tons. The Sand Casting facilities include casting of cast iron and gun metal.

### Product/Services Spectrum:

Gas Pressure Regulators, Gas Service Valves, LPG Regulators, and Die-Cast Gas Meter Bodies.

## Sui Southern Gas Company Limited

### Company Profile:

Pakistan Petroleum Ltd. (PPL) is the oldest Exploration & Production Company and the largest of its kind in the country. PPL and its ex-parent Burmah Oil Company have been active in the subcontinent since the early 20th century. A total of 239 wells including 65 exploratory and 174 appraisal / development wells have so far been drilled which resulted in the discovery of about 19.90 Tcf gas (both operated and non-operated leases). A gas condensate/oil field at Adhi with original recoverable reserves of 1,253 MT liquefied Petroleum Gas and 39.4 MMbbl of oil/condensate was also discovered by PPL. For the year 2004-05, PPL's share of average production from its operated and non-operated fields was 953 MMcfd of gas, 1,372 bpd of oil/NGL and 26 tones per day of LPG. Production of gas from these fields meets about 25.1% of the country's indigenous production.

### Product/Services Spectrum:

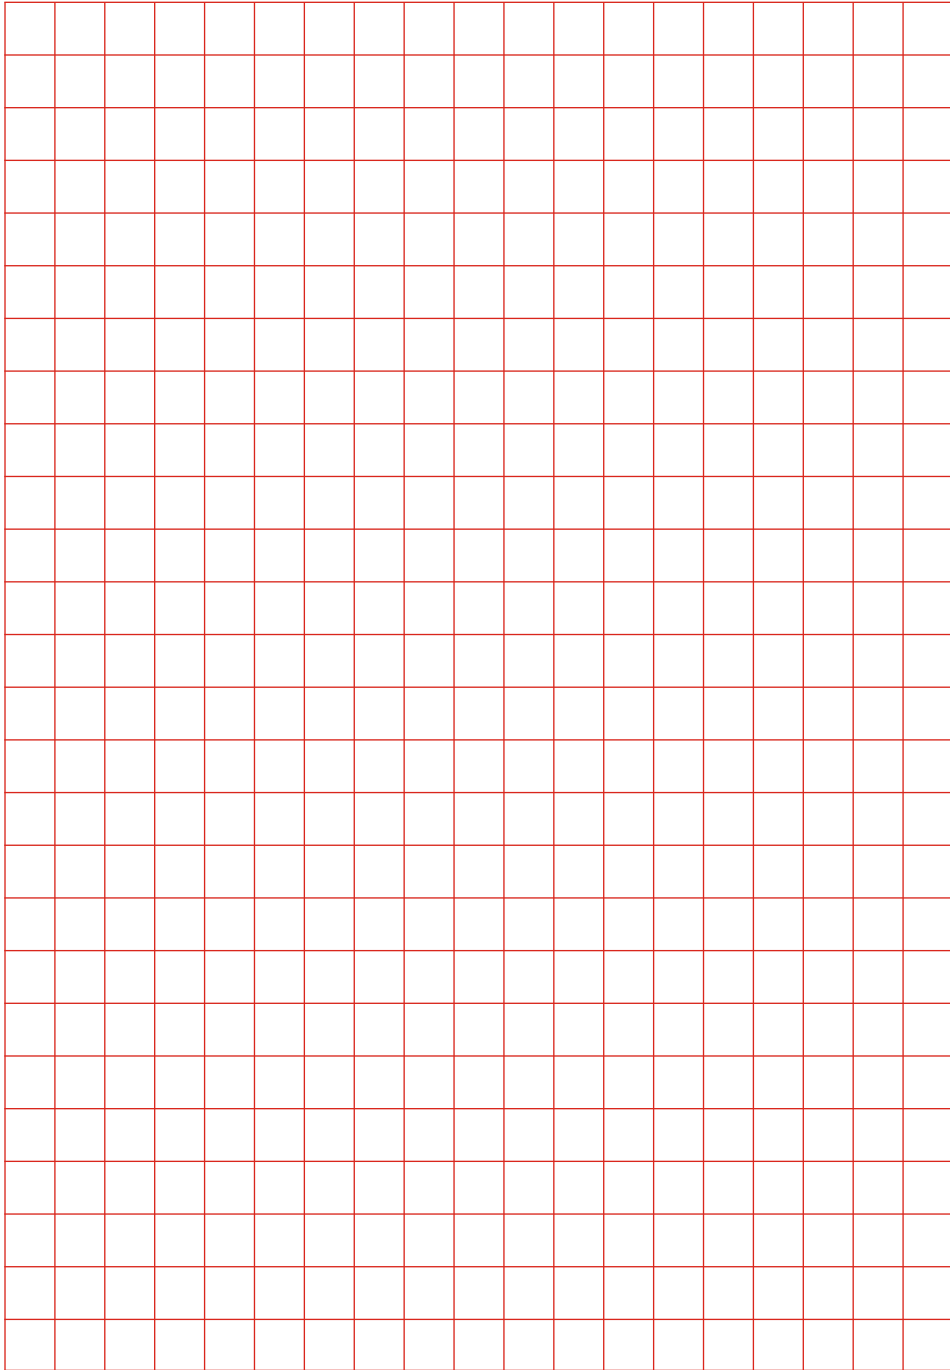

Oil &amp; Gas Exploration &amp; Production services
