SUBJECT: COMPETITIVENESS & EFFICIENCY IMPROVEMENT EXERCISE BUDGET YEAR 2023-24

In order to enhance competitiveness and rationalize cost of doing business of the Engineering Industry and to make it a major player of the economy, Engineering Development Board has initiated Competitiveness and Efficiency Improvement Exercise under the following objectives/ guiding principles, for the Fiscal Year 2023-24.

- i. Encourage local manufacturing
- ii. Removal of anomalies in Raw materials & Finish goods
- iii. Creation of new tariff lines as per the requirement of Industry
- iv. Address the issues of CD/RD/ACD
- v. Incentivize the local industry through targeted concession (5th Sch./ SROs)
- vi. And to encourage exports

02. All stake-holders are requested to prepare their proposals on MS Excel Sheet (do not use any other format) and send to EDB positively by **05.01.2023**. It is suggested that while formulating proposals, provisions of the existing customs tariff rates/ laws/ SROs may carefully be studied.

03. It is pertinent to mention that proposals must be supported by statistical data etc. and duly justified with market analysis. Any proposals without proper justification shall not be considered.

04. Soft copy of Excel format is available on EDB website www.engineeringpakistan.com link under "**Budget & Competitiveness 2023-24**".

05. The soft copies to be e-mailed on following address.
